1. The following is an examiner's statement of reasons for allowance:

The present invention pertains an apparatus for testing a variety of circuit boards. The prior arts, however, do not teach the apparatus for testing a variety of circuit boards, comprises the combination of a host computer with software for employing test vector file to perform scan testing on VLSI components of a circuit board, a distributed power supply for providing voltage value outputs from a single power input to a circuit board, a logic card having maintenance circuitry for connecting to a circuit board, and a mating connector for connecting a circuit board to the apparatus. Hence, the prior arts of record do not anticipate nor render obvious the claimed inventions. Thus, claims 1-27 are allowable over the prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christine T. Tu whose telephone number is (571)272-3831. The examiner can normally be reached on Mon-Thur. 8:30am-6:00pm.
